The AF Portal is transforming the way we do business. It's an award-winning program and we're not standing still. We listened to our Airmen and made some big improvements to:

- Reduce the number of clicks
- Simplify and unify the design
- Upgrade our search performance
- Make it easy to build your own Workspace
- Provide new and timely content

It's all there — information, collaboration and applications — so you can do your job, manage your career and live your life in the Air Force.

## Welcome to the Certificate Import Wizard

This wizard helps you copy certificates, certificate trust lists, and certificate revocation lists from your disk to a certificate store.

A certificate, which is issued by a certification authority, is a confirmation of your identity and contains information used to protect data or to establish secure network connections. A certificate store is the system area where certificates are kept.
